

OUTDOOR FACILITIES FAQ'S

Q) How do you turn on the lights at the Courts?

A) On the side of the small bath house, at the bottom of the steps from the play structure, you will find the "Zone Control" light buttons. Press the button for the desired zone to be lit. **IMPORTANT NOTE:** The lights do take several minutes to light up. The lights are available for use from 6 PM - 9 PM.

Q) What restroom options do Members have when the Pool is closed?

A) When the pool area is closed the pool bath house and locker rooms are also closed and there is no access to them. However, during normal business hours (Monday - Friday, 9 AM - 5PM) you are able to use the bathrooms in the Grand Ballroom and you can utilize the bathrooms at the Cellar during their business hours.

Q) Are there recreational balls available for use?

A) Yes, during the pool season there are basketballs, volleyballs and kick balls available to be checked out from the Main Pool Desk. These are available only when the Pool is open. Unfortunately, we do not have tennis balls available to use.
