

INCLEMENT WEATHER POLICY

The decision to close the pool is made by the Signature Club Owners and the Pool Lifeguard Management.

Where can Members/Guests go in the event of a closure?

When the decision to close the pool deck is not too severe to wait out the break you will have the opportunity to go to the dining space outside of the Gator Lagoon, under the overhang outside the Activity Center, inside the Activity Center, the main entrance corridor, the back of the property by the courts or the Pavilion. Please keep in mind to communicate with your children as to what your "family plan" is when inclement weather happens and to use common sense to seek shelter when weather becomes more severe. These areas will be closed by management at their discretion when weather becomes more threatening.

THUNDER/LIGHTNING

In the event of thunder/lightning the entire pool deck must be cleared for 30 minutes. No one may remain on the pool deck. The pool and life guard staff will safely notify Members and Guests when this is necessary. Please understand this is a Kentucky State Health Code and is in the best interest for your safety.

HEAVY RAINFALL

The pool is closed when it rains so hard you cannot clearly see the stripes at the bottom of the pool. If a person was on the bottom, a guard could not be able to clearly identify anything on the bottom of the pool.

FECAL CONTAMINATION

In the event of fecal contamination, the pool may be closed for a period of up to 24 hours depending upon the severity of the contamination. This is in accordance with the CDC and NSPF guidelines to prevent cryptosporidium and other fecal related diseases. In the event that the pool has been closed, please know as soon as staff can deem the area is safe and all chemical levels are at the appropriate place they need to be, the pool/pool deck will be reopened.
